A Dedication: Mr. Richard McCready

The Class of 2004 is proud to dedicate the yearbook to Mr. Richard McCready, our "Unsung Hero" award recipient.

Mr. McCready's great sense of humor, quick wit and sage wisdom have influenced his students to explore the many fields of science and question our world. The knowledge he has imparted upon us is inspiring. We wish him and the entire faculty of Scituate High School continued success.

We Salute You . . .

Pictured Above, L-R: Standing - Mr. William Parker, Social Studies Teacher, Mrs. Eva Gilarde, French Teacher, Mr. William Webber, English Teacher, Kneeling - Mr. William Hayes, English Teacher. Our SHS Beatles revolutionized the field of teaching and changed the lives of Scituate teens forever.

Four dedicated, highly educated, and talented faculty members retire at the end of 2004. Over the past 30 or more years, each one of these great individuals has taught the Scituate High School student body to strive to learn, to respect their fellow members of society, to work hard, and to achieve their personal goals. Their personalities have become a part of Scituate High School's positive atmosphere and chemistry. On behalf of all of the students who have had the good fortune to have met these inspiring teachers during their tenure as SHS, the Class of 2004 says thank you for your many days of teaching, for playing your guitar, for taking us to New York, for your jokes, for all of those lunch duties, and most importantly, for being "here" for us. We wish each retiree peace, love, happiness, and a sense of new adventure.

Our Advisors

Jim Willis and Carol Wall

Thank you to Jim Willis and Carol Wall for helping us with many of the senior class activities. These two remarkable individuals motivated us to raise funds for our class functions. Our advisors played a vital role in helping our class celebrate the Junior Prom, The Senior Dinner Dance, Senior Class Day, The Graduation Day Ceremonies, and many other class trips, dances, and fundraisers. We would not have the memories from those major senior moments without your wisdom, organization, thoughtfulness, patience, and of course, ADVICE. The Class of 2004 salutes our advisors, we appreciate your hard work and generosity.

U.S. troops in Iraq

The biggest news event of 2003 was unquestionably President Bush's decision to employ American armed forces to oust Iraqi dictator Saddam Hussein. The regime was toppled quickly, forcing Hussein and top members of his Baath political party into hiding. After an exhaustive manhunt, U.S. forces captured Hussein in a small underground hiding area on the banks of the Tigris River.

SPORTS

you've made your point, sis

It may have been a new year, but some things remained the same. Serena Williams once again topped older sister Venus to win Wimbledon and her fifth championship in six Grand Slams—every single one a victory over her sister. We've heard about sibling rivalry, but this is getting ridiculous....

MOVIES

an epic conclusion

In 2003, the one film at the top of everyone's must-see list was *The Return of the King*. In the final chapter of *The Lord of the Rings* trilogy, Frodo (Elijah Wood) journeys to Mount Doom to dispose of a very dangerous piece of jewelry. Meanwhile, Aragorn (Viggo Mortensen) and Gandalf (Ian McKellen) lead humanity in one last stand against Sauron's massive army of Orcs and airplane-sized elephants. Will the One Ring be destroyed? Will humanity survive? Will director Peter Jackson finally get a Best Picture Oscar® for his amazing work? All of Middle Earth wants to know....

MUSIC

workin' it at the VMAs

As always, the MTV Video Music Awards provided many of the year's most memorable music moments. Coldplay got accolades for Breakthrough Video, '80s popsters Duran Duran won an award for Lifetime Achievement, Justin got the nod for Male Performer of the Year, and Missy strode off with the coveted Video of the Year award for "Work It." To top it all off, the King of Pop saw some of his biggest hits covered with extreme verve by Lars and the gents from Metallica.

TRENDS

to swap or not to swap

With the launch of Napster V2.0 and the new iTunes music store, the Internet continued to reshape the way we listen to music in 2003. But not all was rosy on the World Wide Web. Fearing that online music swapping was eroding profits, the Recording Industry Association of America (RIAA) tried to curb unlicensed music downloads by supporting litigation against alleged copyright violators.

TECH GEAR

the future is digital

The march toward the digitalization of everything continued in 2003. Music fans embraced ones and zeros, downloading MP3s from iTunes and other new sites. Digital cameras became more affordable and more powerful, while cell phones integrated a host of functions, from MP3 playback to digital photography to video games. Even the family pet got in on the digital act, as Sony unveiled the newest version of its AIBO robotic pooch.
